

YLI ELECTRONIC

Power Supply Controller

Model: YP-901-12-3

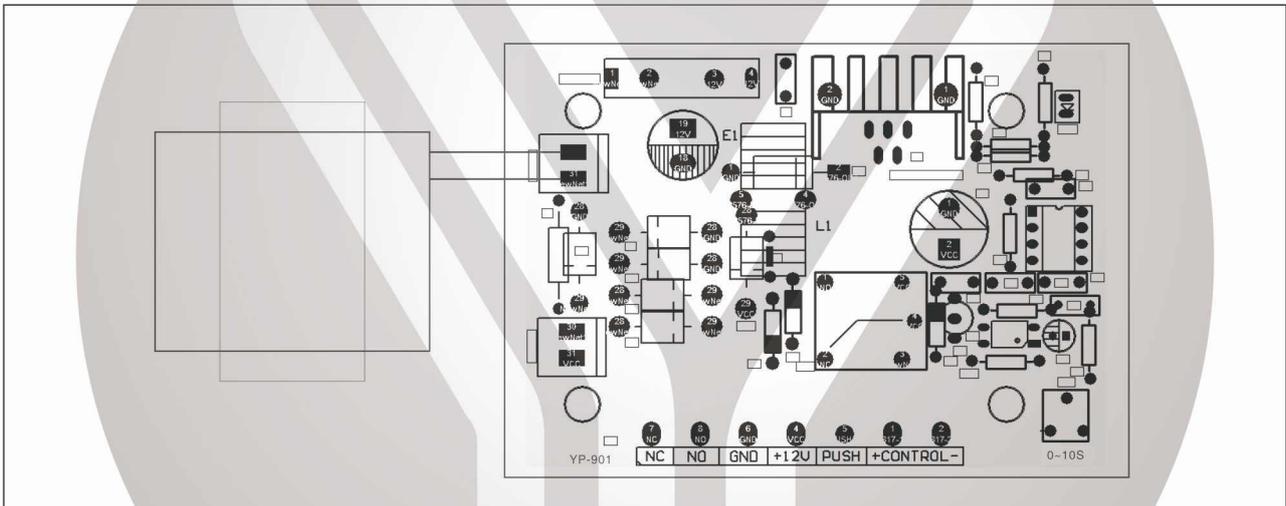

Specification

With the selection of original high-quality imported element, the power supply controller is safe and durable, and it is specially designed for all kinds of door access control systems and building intercom systems.

- Size: 185L x 78W x 65H(mm)
- Input Voltage: AC220V,50Hz
- Output Voltage: DC12V
- Max.Current : 3A
- Operating Humidity : 30%-90%
- Operating Temperature: -20°C-55°C
- Time: 0-10sec
- Weight: 1.6kg
